a desire to get out now that  
you can handle it yourself.  
Mother says her garden is  
in fine shape and also  
that the grain on the ranch  
looks good for a big crop.  
Am going to take some  
snaps of the inside of  
the pharmacy and in due  
time will send you some.

tho for it takes a long time  
to get pictures finished up
